MBA ONLINE

WITH CYBER SECURITY FOCUS

Quality Choice

California State University, San Bernardino Jack H. Brown College of Business and Public Administration is fully accredited by AACSB. CSUSB's unique approach to cyber security education has led to government and industry seeking out the campus to learn its approach.

A growing field

Due to increased cyber security threats, careers in the cyber security field are in high demand. This has created a shortage of qualified professionals that have the skills to combat these threats.

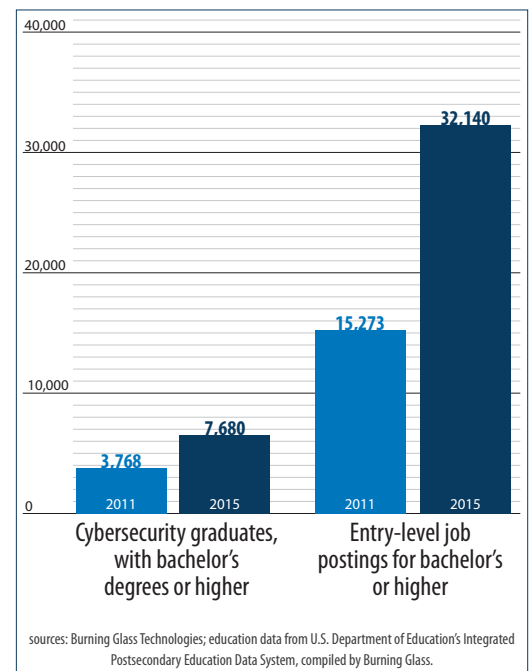

"Job postings for cyber security openings have grown **three times as fast** as openings for IT jobs ..." according to burning-glass.com.

Accelerated Timeline

The program features an accelerated schedule in a convenient format, which allows students to focus on one subject area at a time. The degree consists of 15 courses and 60 quarter units. Students normally finish each class in 5 weeks.

No GMAT Required

Taking the GMAT/GRE exams is not required for admission.
